Eligibility: All U.S. Department of Homeland Security agencies

Contract Period: 7 years (09/26/2006 – 09/25/2013)

Contract Type: Multiple Award, IDIQ – All contract types available under individual task orders

EAGLE Enterprise JV LLC or “EEJV” is a joint venture incorporated in the Commonwealth of Virginia in 2005. EEJV was formed by Lead Member, Enterprise Information Services, Inc. (EIS) of Vienna, VA to provide the U.S. Department of Homeland Security (DHS) with reliable, high quality IT solutions. We received our EAGLE award under the “Small Business Track” in EAGLE Functional Categories 1 and 3 and re-certified as “other than Small” in September 2005.

EEJV is comprised of the following mid-size IT businesses, each with over 10 years experience providing IT solutions to the Federal Government:

- EEJV Lead Member - Enterprise Information Services, Inc. (EIS) of Vienna, VA
- DSD Laboratories, Inc. (DSD Labs) of Sudbury, MA
- I.M. Systems Group, Inc. (IMSG) of Kensington, MD

Under the EAGLE contract, EEJV provides more than \$130M in quality services supporting the IT resources of the DHS Office of Applied Technology (OAT), U.S. Coast Guard (USCG), U.S. Customs and Border Protection (CBP), the Federal Emergency Management Agency (FEMA), U.S. Citizenship and Immigration Services (USCIS), the National Protection and Programs Directorate (NPPD), and the Science and Technology Directorate (S&T).

Program Description:

The DHS Program Acquisition Gateway for Leading Edge Solutions or "EAGLE" establishes a suite of indefinite delivery, indefinite quantity contracts for IT support services that enables the Department of Homeland Security's business and program units to accomplish their mission objectives. EEJV supports EAGLE Contract Task Orders in Functional Categories 1 and 3.

Functional Category 1: Infrastructure Engineering Design, Development, Implementation and Integration
EEJV provides all phases of system design and development through deployment to ensure DHS IT solutions will enable their users to meet their mission goals and objectives. These efforts include the full range of infrastructure engineering design, development, implementation and integration.
